

What Is Viviscal® Professional?

Viviscal® Professional dietary supplements are scientifically formulated with the exclusive and clinically proven AminoMar C™ marine complex, which helps nourish thinning hair and promote existing hair growth from within. Viviscal® Professional helps nourish hair that is prone to breakage and shedding due to heat styling, coloring, extensions and over styling.

Benefits of Viviscal® Professional

- 100% drug free
- Clinically proven to nourish thinning hair and promote existing hair growth from within
- Suitable for both men and women

In a clinical trial, 80% of Viviscal® users saw a statistically significant increase in the number of hairs after six months. +

Viviscal® Professional Ingredients

Viviscal® Professional has been developed with the finest ingredients of natural origins to nourish hair and promote existing hair growth.

Viviscal® Professional ingredients:

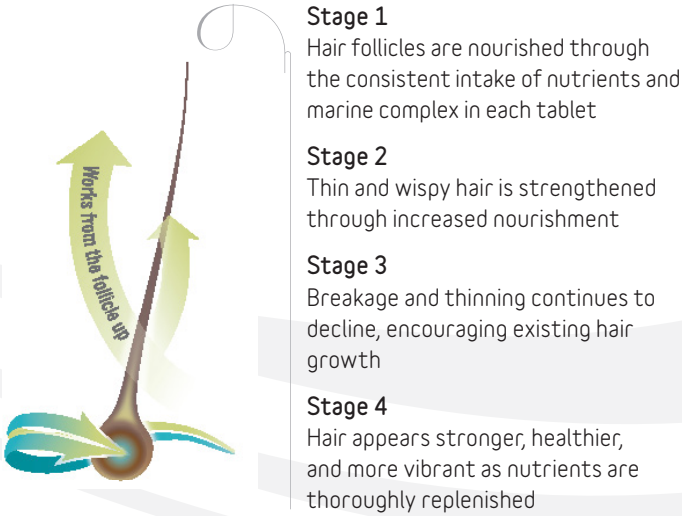

1. Exclusive AminoMar C™ marine complex provides essential nutrients needed to nourish thinning hair and promote existing hair growth from within
2. Apple Extract Powder (Procyanidin B-2) has been shown to increase hair density and diameter, promoting hair growth
3. Biotin helps the body metabolize carbohydrates, fats, and amino acids, which are the building blocks of protein, and thus essential in the formation of the hair structure
4. Vitamin C has been shown to protect your hair from free radicals
5. L-Cystine and L-Methionine are essential amino acids in the formation of hair and skin, offering a positive effect on hair growth

In a recent clinical study, users reported significant improvements in the Quality of Life Questionnaire questions: +

- Overall hair growth ✓
- Overall hair volume ✓
- Scalp coverage ✓
- Thickness of hair body ✓
- Hair strength ✓
- Overall skin health ✓

How Does Viviscal® Professional Work?

Viviscal® Professional supplements nourish hair from within four stages. Users may see results in as little as three months, depending on each individual's hair growth cycle.

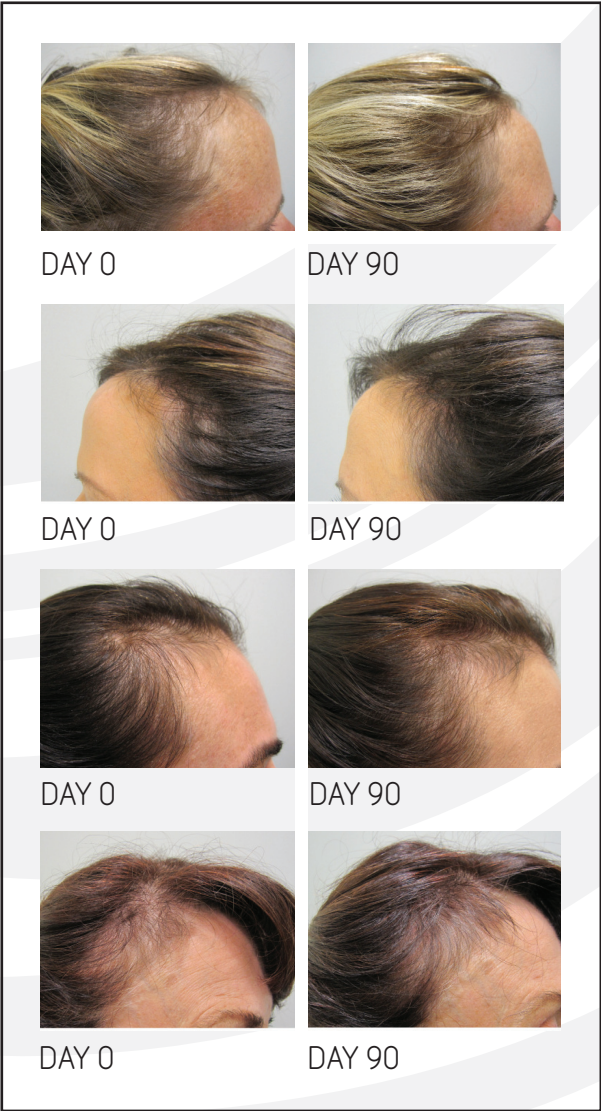

Viviscal® Professional dietary supplements recommended usage

For best results, take Viviscal® Professional tablets twice a day for a minimum of six months. Users may see results in as little as three months. Take one tablet in the morning, and one tablet in the evening, with water after food. Thereafter, take 1-2 tablets daily as required. Viviscal® Professional tablets are easy to swallow.

Clinical Trials

Viviscal® was originally developed in the late 1980s in Scandinavia, and the first clinical trial proving its efficacy was published in 1992 in **The Journal of International Medical Research**. Since then, we have conducted numerous trials internationally to prove the efficacy of Viviscal® supplements.

Frequently Asked Questions

Q Are Viviscal® Professional supplements suitable for men and women?

A Yes. Viviscal® Professional can be used by men and women.

Q Are there any negative side effects associated with Viviscal® Professional?

A Viviscal® Professional is a drug free dietary supplement. In clinical trials, users reported no negative side effects.

Q Can anyone take Viviscal® Professional supplements?

A We do not recommend Viviscal® Professional to users who are allergic to fish or seafood, women who are pregnant or nursing, or any person under the age of 18.

Q How long will it take to see results?

A Viviscal® Professional works over a six month period. It can take an average six months to achieve stronger, fuller, healthier hair. However, most users notice a difference after just three to four months.
